DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

Situated on the north side of West Salisbury Street facing south is a two story, three bay, log house. It has a standing seam tin roof, German siding on the front, horizontal lap siding on the sides. Flat arch architraves surround one over one double hung sash. A main door is entered through an eastern position of the south facade off a porch that extends across the front of the house. The porch has a hip roof. Some elements such as the windows, siding and porch have been done in the 20th century, but this house was built in the 19th century and possibly as early as the late 18th century.
